Org — Chart Builder

Module: Organization | QSA Industries ERP — Data Entry Reference

Overview

Create and arrange organization positions (boxes) with parent/child hierarchy.

Notes

- People are assigned separately via People builder.

Fields

Field	Type	Required	Description
Title	text	Yes	Position title.
Parent	select	No	Parent position.
Sort order	number	No	Display order.

How to feed data

1. Open Internal → Organization.
2. Create positions and arrange hierarchy.

Generated for QSA ERP local reference.
