Admin — Price Lists

Module: Admin / Price Lists | QSA Industries ERP — Data Entry Reference

Overview

Per-dealer or tiered pricing for products with validity windows.

Notes

- Order pricing resolves the best matching price list for the dealer.

Fields

Field	Type	Required	Description
Product	select	Yes	Product to price.
Dealer	select	No	Specific dealer; blank = standard tier.
Price tier	text	No	e.g. standard_dealer.
Price	number	Yes	Unit price.
Valid from / to	date	No	Validity window.

How to feed data

1. Open Internal → Admin → Price Lists.
2. Add a price entry for a product (optionally dealer-specific).

Generated for QSA ERP local reference.
