Sales — Order Edit & Actions

Module: Sales / Orders | QSA Industries ERP — Data Entry Reference

Overview

Edit pending orders and progress them through the lifecycle: approve, escalate, director approve, dispatch, invoice.

Notes

- Credit override flag may be set by admin.

Fields

Field	Type	Required	Description
Status action	button	No	Approve / escalate / director approve / dispatch / generate invoice.
Dispatch date	date	No	When dispatched.
Tracking note	text	No	Courier/tracking reference.

How to feed data

1. Open an order, adjust lines if pending.
2. Use action buttons to progress status.

Generated for QSA ERP local reference.
